

Parking Permit

The parking arrangements are an on-street visitor permit.

This needs to be pre-arranged prior to your stay.

The following information is required to book in your virtual visitor permit:

1. Make of Car
2. Model of Car
3. Colour of Car
4. Car Registration

If you are renting a car on the day of check-in then please give me plenty of notice so I can be ready to accept your car details and book the virtual permit.

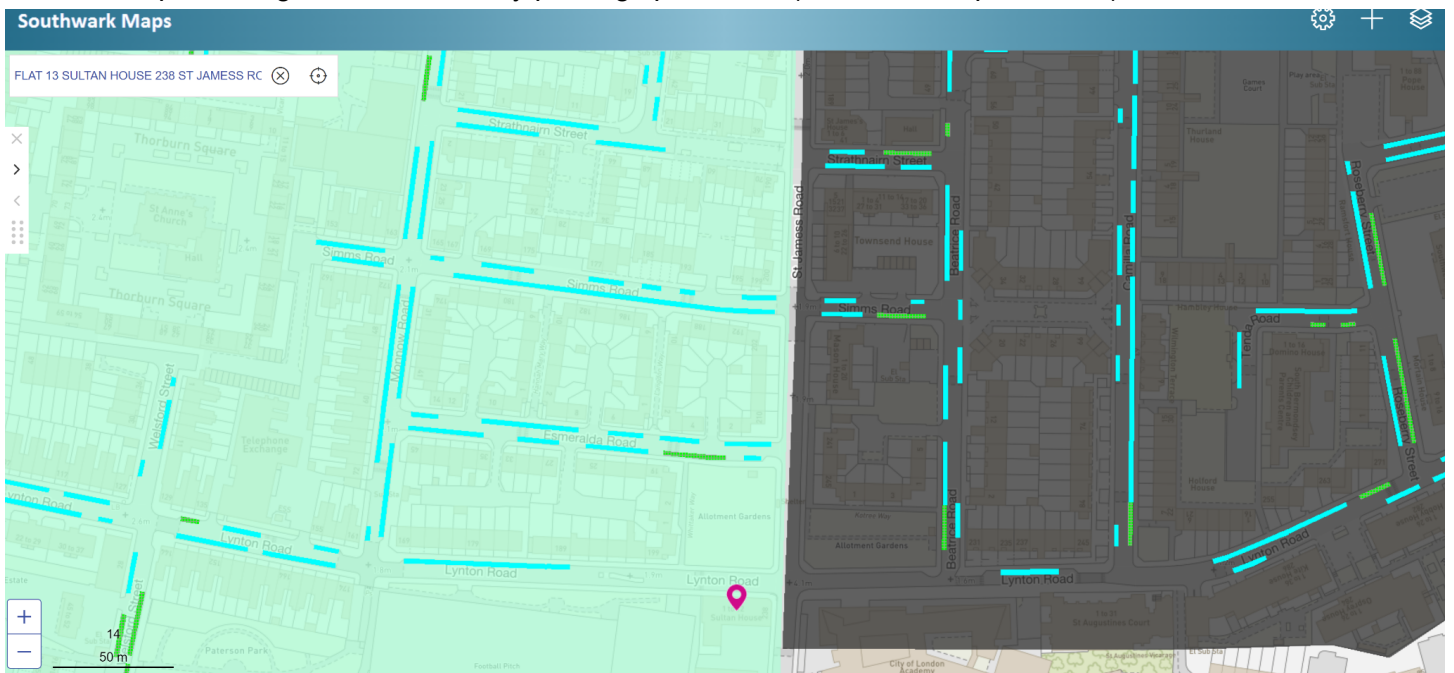

Note: the permit is virtual - I will simply confirm my message in the Airbnb app that I have purchased the visitor permit on your behalf. The permit will allow you to park in a Permit Holders Only bay for the entire duration of your stay.

Parking Instructions

You must park in one of the bays on the street which has Permit Holders Only **TS** on the sign. It should look something like this:

Here's a map detailing where the nearby parking spaces are (the flat is the pink arrow):

Please note that I cannot be held responsible for incorrect parking - I will simply issue the virtual permit which means if you are correctly parked in the right kind of bay then you will not get a ticket.
